How to Use this Catalog

All cachets are grouped together by Stamp Issue. A picture of the stamp appears on each page in the upper left-hand corner. Following the picture of the stamp are all illustrations of cachets found on envelopes with that stamp affixed. We have included only printed or hand-drawn cachets that are related to the Stamp Issue.

To provide a unique cataloging system, we have numbered each different cachet for each Stamp Issue. This cachet #, along with the Scott number (i.e. 894-6), provides a means for collectors and dealers to inventory and record their cacheted FDCs. Presently, many dealers who produce price lists or auction lists of First Day Covers use these numbers for describing their cacheted covers.
